

TENS AND ONES

Using Tens and Ones to Show
Numbers to 20

Lesson 2
Unit 6

Let's start With ONE

One means 1 object.

Example :

This is one pencil.

We have one

What are ONES?

Ones are single objects

5 ones

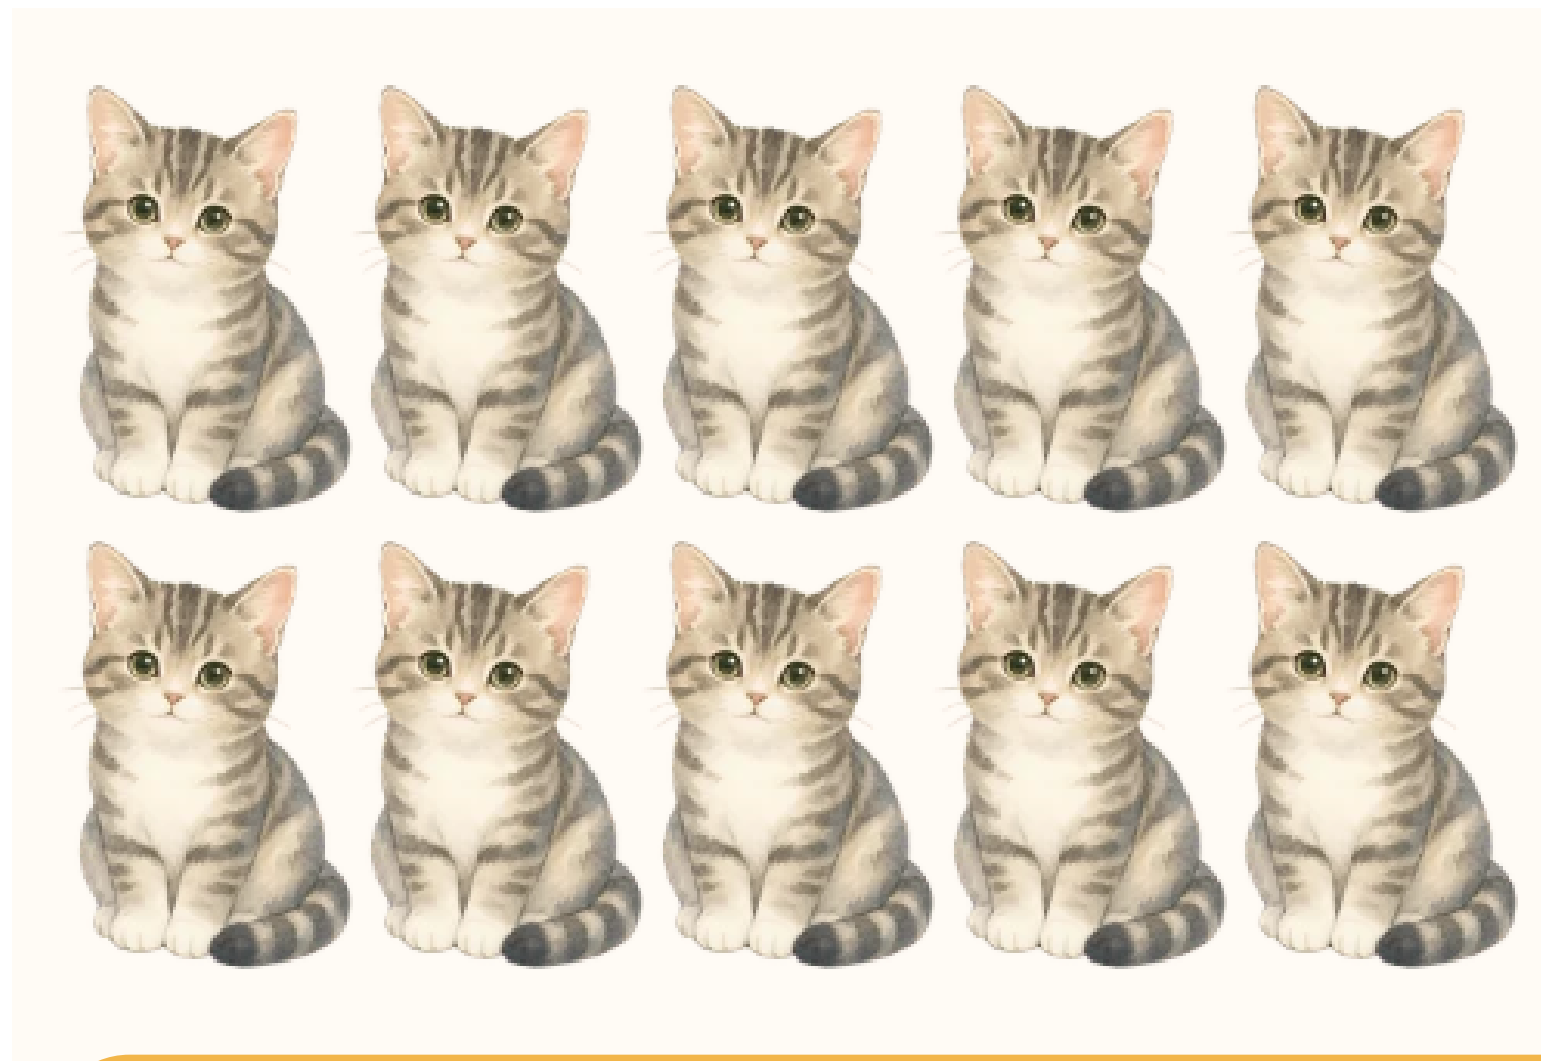

5 single object = 5 ones

Each pencil is one.

These are ones

ones = satuan

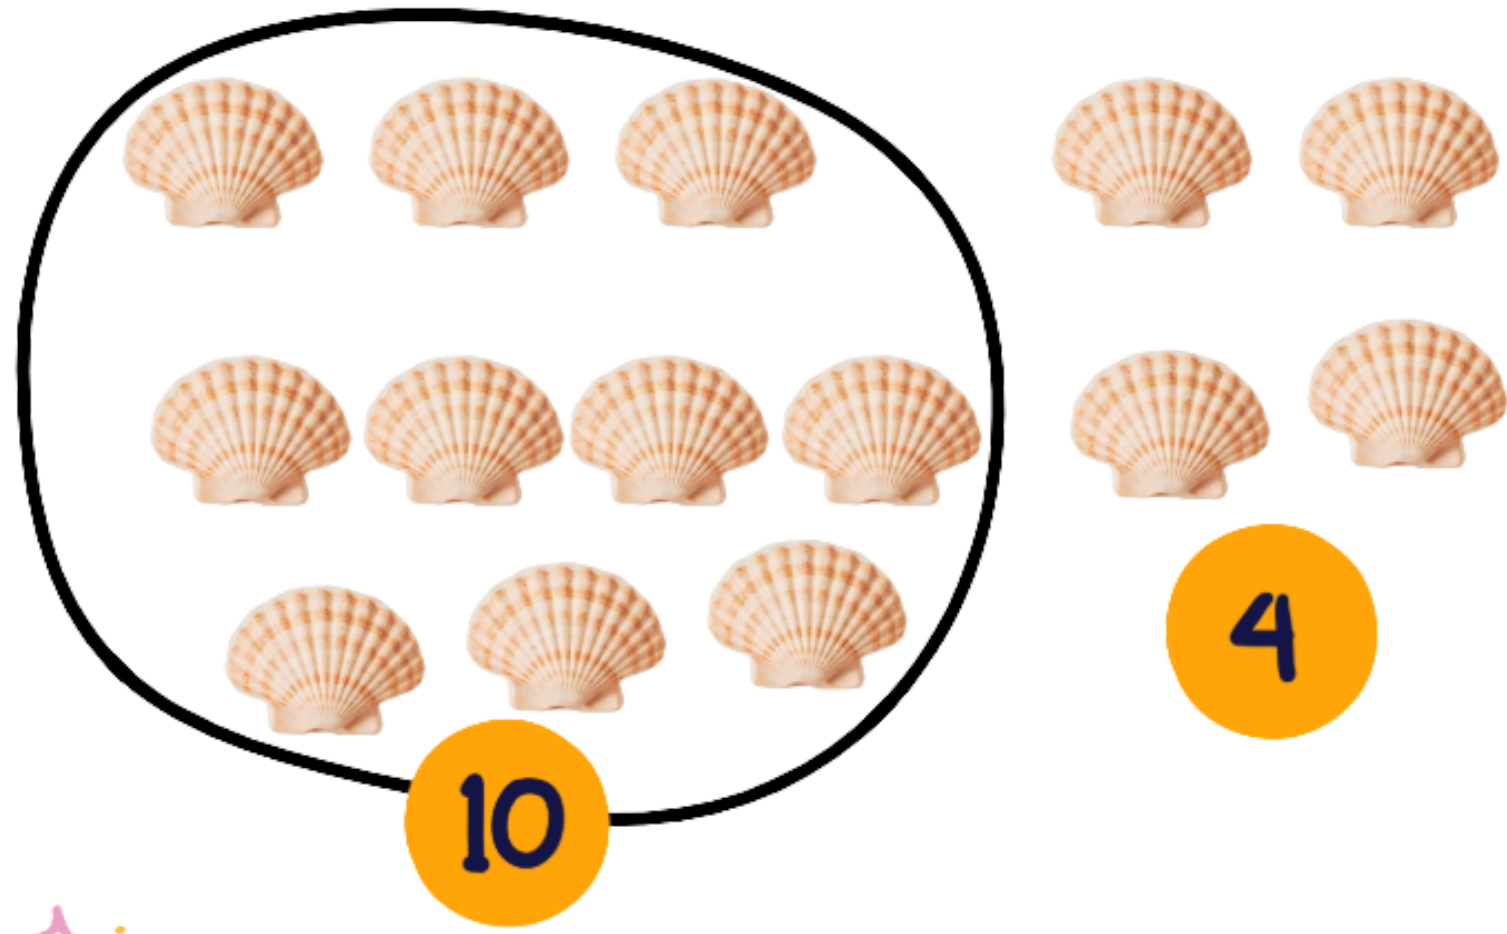

Let's count 10 ones

10 ones = 1 ten

10 satuan = 1 puluhan

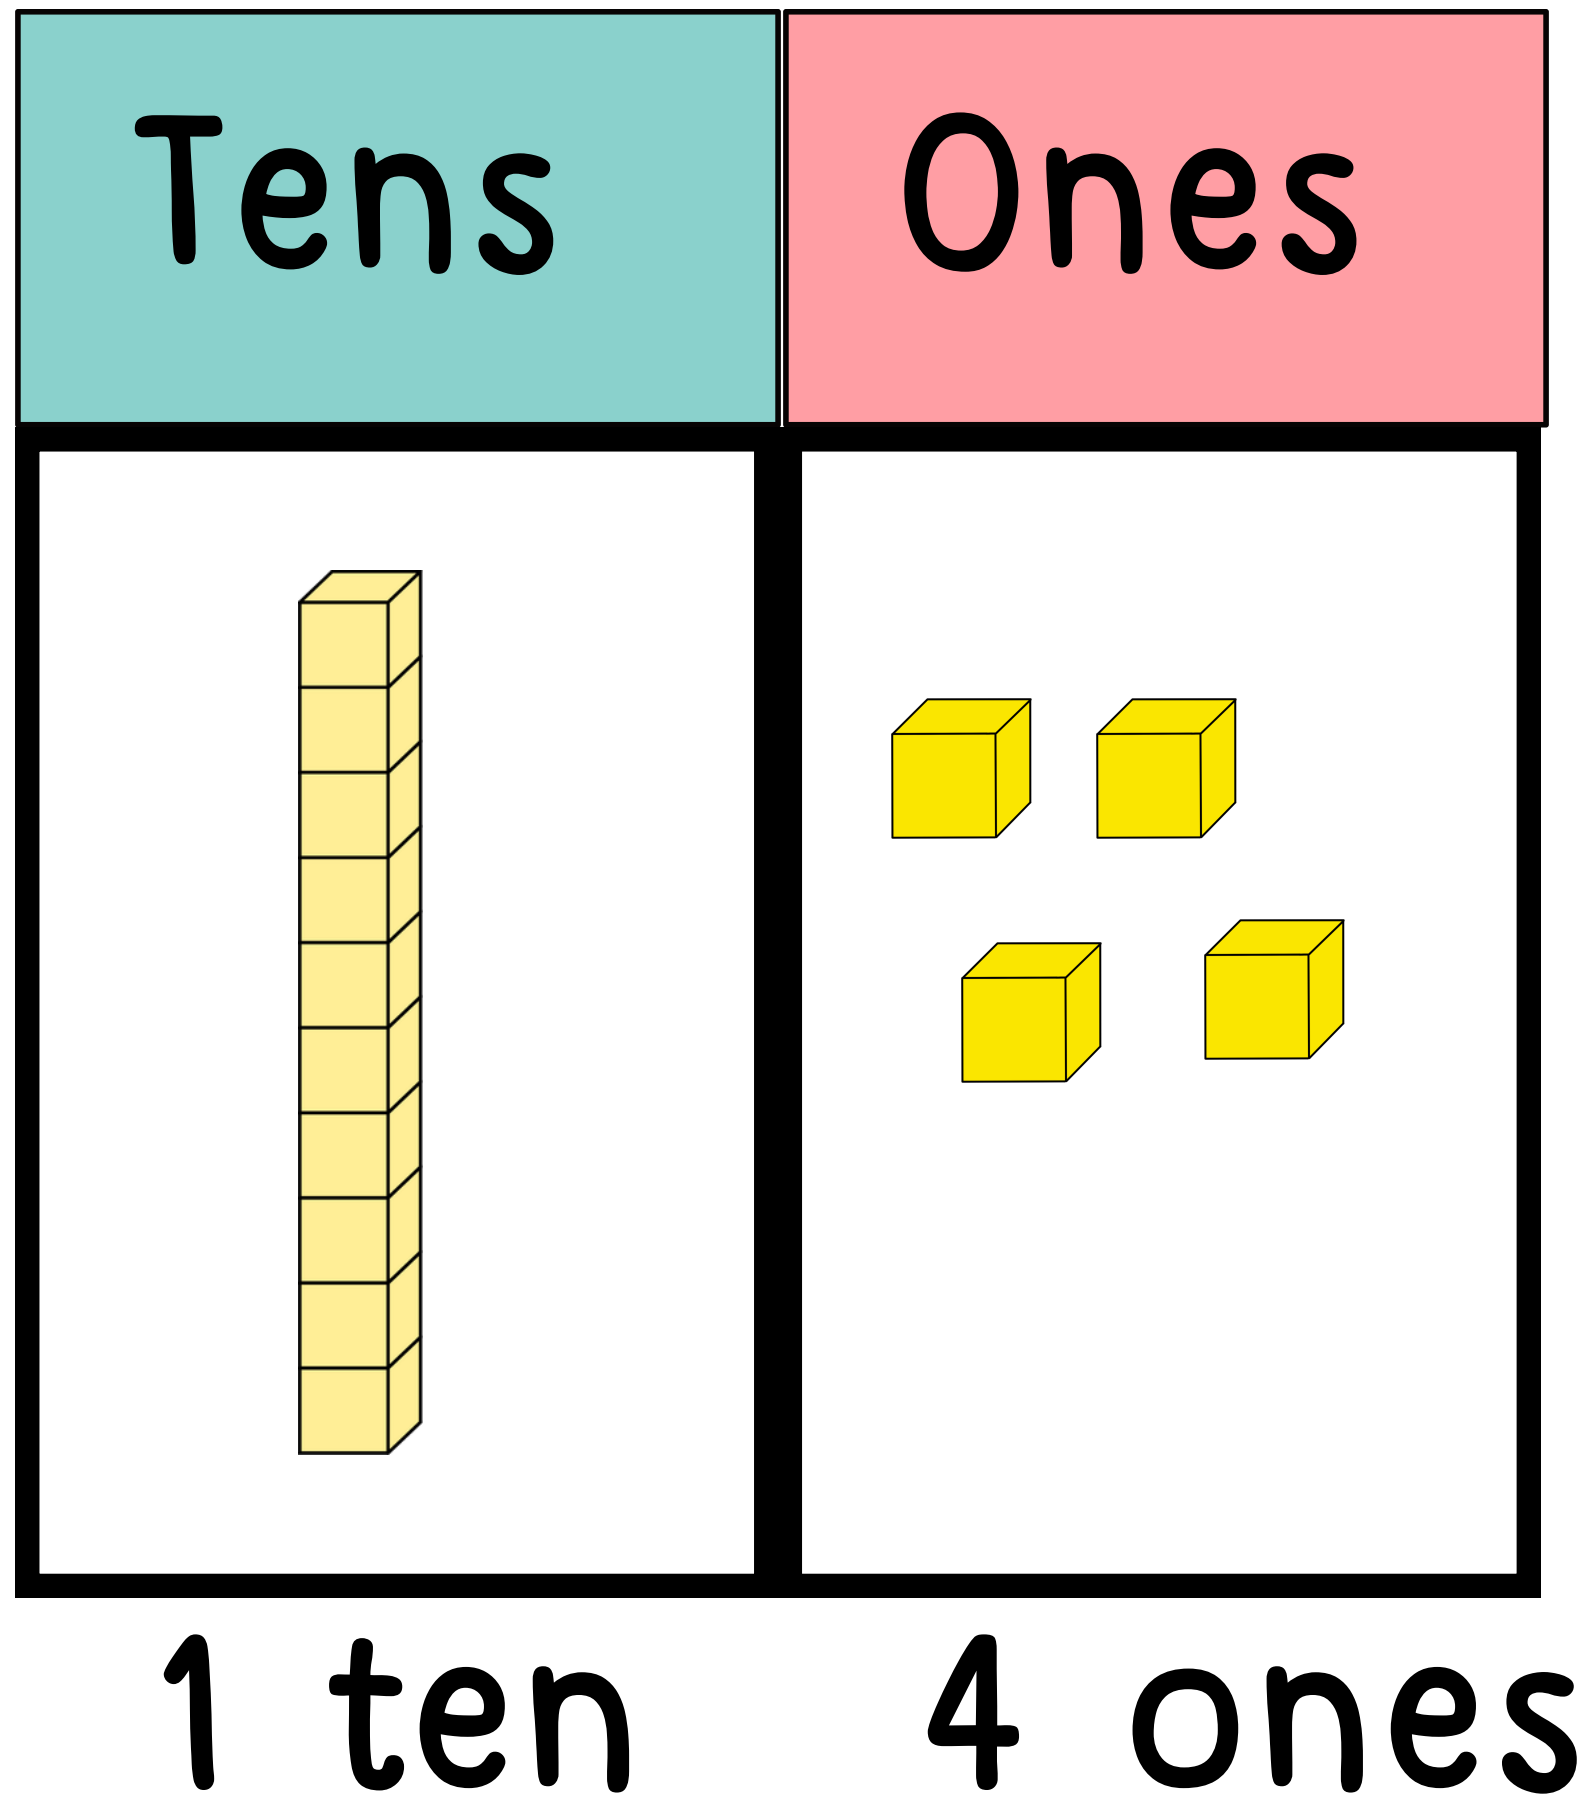

14 is 10 and 4

$$14 = 10 + 4$$

$$14 = 1 \text{ ten } 4 \text{ ones}$$

14 is 10 and 4

$$14 = 10 + 4$$

↓ ↓

$$14 = 1 \text{ ten } 4 \text{ ones}$$
